CERTIFICATE OF GOOD PERFORMANCE

TO WHOMSOEVER IT MAY CONCERN

We here by confirm that we have regular business with WAAREE ENERGIES PVT. LTD for purchase of various Watts solar panels since July 2009, during which company has provided with Excellent Quality, On time Delivery and technical support in area of PV Modules.

Please note that we have purchased PV solar panels from 10Watts to 80 Watts & up. Our customers where we have used WAAREE solar panels for solar street light, solar lantern, and solar power pack units installation are most satisfied with performance of these panels. We have installed solar street light using 40Wp **WAAREE Panels at Dudhsagar Dairy Mehsana site** and many such other sites. We appreciate that WAAREE has all required quality test reports of IEC, ETL, approved for PV panels with MNRE.

Being WAAREE factory is in Gujarat State, it is really beneficial for both companies to have regular business. It is their best quality at the same time competitive prices. We are proud to have such unit in Gujarat State. We can only say slogan 'Our Company & WAAREE is like Partner in Progress. "

There are many manufacturers of solar panels all over India, in Gujarat and in other states but we have approved only WAAREE for solar panels taking in to consideration of all above factors.

We confidently recommend WAAREE Energies Pvt. Ltd as reputed group and reliable manufacturers & supplier and expert in their field. This letter does not provide any commitment from us, not this letter should be considered as a sponsorship letter. This letter is issued without any third party responsibility whatsoever.

Yours Faithfully,

Vishnu Patel
