

Waaree Energies – Proud Recipient of EcoVadis Gold Medal

Dear Partner,

We are delighted to share that Waaree Energies has achieved a significant milestone by becoming the first Indian solar PV manufacturer to receive the prestigious EcoVadis Gold Medal for sustainability excellence. This recognition places us among the top 5% of companies worldwide for our environmental, social, and ethical business practices.

The EcoVadis assessment is one of the world's most trusted business sustainability ratings, evaluating companies across 21 sustainability criteria in four core areas namely environmental performance, labor and human rights practices, ethics & sustainable procurement.

Our 97th percentile ranking demonstrates our unwavering commitment to maintaining the highest standards of sustainability throughout our operations.

This achievement directly translates to tangible benefits for you and your business:

Verified Supply Chain Partner

Working with a Gold-rated supplier strengthens your own ESG credentials and sustainability reporting.

Reduced Risk

Our rigorous sustainability practices minimize operational, regulatory, and reputational risks in your supply chain.

Superior Product Quality

The same commitment to excellence that earned us this recognition is reflected in the quality and reliability of our solar PV modules.

Enhanced Competitiveness

Our certification can help your projects qualify for green financing and sustainability-focused tenders.

Long-term Value

Our resource optimization and waste reduction practices contribute to cost efficiencies that support competitive pricing without compromising quality.

As we continue to accelerate global clean energy transition, we remain committed to providing you with products that not only meet the highest performance standards but are also manufactured with respect for our planet and communities.

Thank you for your continued trust and partnership. Together, we are building a more sustainable future.

Warm regards,
Waaree Energies Ltd.
